ABOUT THE CONGRESS

European Transport Congress 2013 Prague is organized by the Czech Technical University in Prague, Faculty of Transportation Sciences (CTU FTS). It is already the 11th traditional annual congress of the European Platform of Transport Sciences (EPTS). The Congress will be a part of the celebration of 20th anniversary of the CTU FTS foundation.

European Platform of Transport Sciences is an independent

European association of institutions and associations working in the field of transport sciences and of other comparable national institutions in Europe which work in this field. The purpose of EPTS is the enhancement of the dialogue between politics, science and economy in the field of European transport.

Faculty of Transportation Sciences is a leading transport-oriented faculty in the Czech Republic. Since its foundation in 1993 it has been a part of the Czech Technical University in Prague, the oldest non-military technical university in Europe. Over 1500 students in several specialized bachelor's,

master's and Ph.D. programs benefit from advanced project-oriented studies which, among others, enable team work on transport projects under the supervision of experienced specialists.
